High strength SUNSURE® brand fabric is specially formulated of yarns developed to withstand fading, mildew, soiling and wear and tear for many years of outdoor use. With an excellent shade factor of up to 92%, SUNSURE fabric is the choice for umbrella and awning applications. With minimal maintenance, SUNSURE fabric colors remain crisp and vibrant after years of continuous outdoor exposure...even under the most severe weather conditions (-30°F to 110°F).
